Anti-authoritarian Money

Workshop Discussion

2023  Atelier 

 Description

 History

Which kinds of money and accounting practices can best result in economic structures that prevent money and other forms of capital from unleashing authoritarian power on its market participants? Which are the puzzle pieces for an economic and financial system that is aligned with anarchist principles?

zero money

I suggest we change the name of this topic because all money is authoritarian - or how about zero money= mutual aid ?

I'm learning it with time back, that btw what i have been doing some researches and could be a way.... i really want to talk about this topic

:)

Vital_R_Data 4 months ago

Please explain why...

you feel, that all money (as in every possible monetary system?) is explicitly authoritarian? Or we might save ourselves the discussion for the actual event...^^.
